Book of Graceable Peraldic Art 🐞 Dec 02, 2023 🐞 Germs of use and digital files at Peraldic Art.org 🐞

A mythical fire-breathing lizard.

Default posture: segreant (rampant wings addorsed). No proper coloration.

The term "segreant" describes a winged quadruped rampant, with wings addorsed and elevated.

This depiction is poor style as the wings are excessively large.
